SOME time last winter (says the *N.-C. Daily News*), the likin officials at Hankow sent to the Chinese authorities of this port specimens of Yunnan, Szechuan and Kuei-chow opium with the request that some competent person should be engaged to make analyses and to report generally. An exhaustive report has been drawn up, from which we extract the following:—Yunnan opium is in every way the best of the three. This drug when roasted for smoking proved itself to be soft and pliant, of a rich brown colour, a 'fat' flavour, and very palatable to the taste. Six tael's weight and five mace of morphine were extracted from one hundred taels of the drug. Next in order is the Szechuan opium, which is of dark colour, turned hard when roasted for the pipe-bowl, but on the whole tasted palatable. 'Old Szechuan' gave six taels and two mace weight of morphine to the hundred taels of raw opium, while 'New Szechuan' only produced five taels, seven maces and five candareens. The last on the list is the Kueichow opium, which is of a dull black colour, hard when roasted, is strong and of inferior taste. Only four taels of morphine were extracted from one hundred taels of the raw drug.

VICTORIA RECREATION CLUB.

The following reports of the Sub-Committees of the Victoria Recreation Club have been circulated:—

REPORT OF THE BOAT-HOUSE SUB-COMMITTEE.

We have great pleasure in laying once more a satisfactory report before the members as far as rowing is concerned. The year under review has been remarkable for the number of young oarsmen who have placed themselves in the front rank. Their laurels were not easily gained, however, as the old oarsmen proved themselves to be still powerful opponents and, under more favourable circumstances, would, perhaps, have wrested the laurels from the victorious crew.

The last Regatta was quite as successful as in former years and the competitors are to be congratulated upon the marked improvement in the style of rowing. But it is to be regretted that such a small number of men entered for the Regatta when the lists were first sent round; in fact, had it not been for the able assistance given in this respect by the Navy, some of the important races could not have taken place.

The International trophy was carried off by the German crew for the first time, and we heartily congratulate them on their deserved win. We hope that this result will be the means of stirring up the other crews so that we may see another keen competition next year.

We wish to offer our best thanks to the crew which represented the Club at the Yokohama Regatta.

It is a matter of regret that the financial state of the Club does not allow us to send another crew to represent us in inter-colonial races, unless under special circumstances.

Scratch four-oared races were rowed on 12th November, 1892, and 13th April, 1893, and proved to be quite a success.

With reference to our boats we have again to point out that the Club was put to frequent and unnecessary expense by the very careless manner in which the property of the Club has been treated by certain members. We would suggest that to remedy this evil the damage should be paid for in future unless it is caused by ordinary wear and tear.

The number of boats belonging to the Club is as follows:—

A I Class.—Single Sculling. None.
A II " 6 Fours.
4 Double Sculling Pairs.
2 Eights.

B Class.—1 New Canton Fours.
2 Old Canton Fours.
2 Double Sculling Pairs.
2 Double Sculling Gigs.
6 Tubs.
2 Half-Tubs.

REPORT OF THE BATH-HOUSE SUB-COMMITTEE.

The Committee, not having been able to learn anything definite as to how long the Bath-house will be allowed to remain in its present position, have thought it inadvisable to incur farther expense in repairs this year.

To provide bathing facilities, the Committee have decided to build a raft which will be completed shortly, and with a view to economy are using most of the wooden flooring from the present Bath-house in the construction of the new raft. The dimensions are:—Length 50 feet, breadth 22 feet, with 16 bunks or dressing rooms erected in the centre part of the raft. By the kind permission of the Naval authorities this raft will be moored, say, 50 yards outside the present Bath-house in much cleaner water. The Committee have also secured the services of two sampans to take the bathers to and from the raft.

The Aquatic Sports, held on the 2nd and 3rd September last, were carried out as usual in a most successful manner.

Most of the events were keenly contested, the best being, perhaps, the champion race, which was won by Mr Frank Lammert after a very close finish.

The Committee beg to express their heartiest thanks to Mrs J. H. Stewart Lockhart for kindly presenting the prizes to the successful competitors.

Thanks are also due to those gentlemen who gave such material support to the above sports by their kind subscriptions, and likewise to Lieut.-Colonel Ravenhill and the Officers of the Shropshire Light Infantry for allowing their fine Band to play on each day of the Sports.

REPORT OF THE GYMNASIUM SUB-COMMITTEE.

The Committee have now the pleasure to submit the following report for the past year.

The classes recommenced on the 1st October, 1892, and have been very well attended during the whole season, which fact the Committee have been very pleased to note.

The interest taken in defensive exercises, particularly fencing, shews a marked improvement on former years, and it is sincerely to be hoped this state of things will continue.

The Committee, however, would like to see a little more attention to boxing, which is an exceedingly healthy exercise, and if practised in a scientific manner, as it always ought to be, is more conducive to physical and moral training than most other forms of exercise.

Staff-Sergeant J. Tennant is to be commended for the care he has taken in bringing forward the younger members, and the 'form' shewn at the late competitions and Assaults-at-Arms reflects great credit on his instruction.

On the 2nd December last, the Club, in conjunction with the Shropshire Light Infantry, gave an Assault-at-Arms in the Theatre Royal, which proved a success. By special request this was repeated a fortnight later and was again well attended.

The nett result of the two exhibitions showed a credit balance of $263; $209 of which was placed to the credit of the Club, and the balance was handed over to the Alice Memorial Hospital. The Committee take this opportunity of again thanking all those who took part for the very valuable assistance rendered on these occasions.

Competitions in fencing and rope climbing were held last month, and brought out a very fair number of competitors. After an exceedingly keen contest, the prize for fencing (presented by the General Committee) was secured by W. Armstrong, and that for rope climbing by J. Alves.

In order to shew the 'form' attained by members of the School-of-Arms, another Assault-at-Arms was given last month in the Gymnasium, which included the final bout of the fencing competition, and was well patronised. His Excellency the Governor kindly presented the prizes won in the competitions at the conclusion of the performance.

Mr F. Koch, who has been on this Committee for many years, left (the Colony some months ago, and we feel sure we are representing the feelings of the members of this Club when we say his valuable services were highly appreciated.

It is proposed to continue the classes during the summer, should there be sufficient interest taken in them to warrant this.

The repairs to the Gymnasium during the last year have not been of an expensive nature, and until a new building is found practicable, the Committee do not care to make the additions they are of opinion are necessary.

BAR COMMITTEE'S REPORT.

The undersigned were nominated as a Bar Committee when the Club took over the Bar from the late Steward on the 6th September last.

At first (and even still in some few cases) great difficulty was experienced in getting members to give the name in lieu of the price ('old custom') of the drink obtained.

On the whole the result of the four months may be considered satisfactory, shewing, as per annexed account, a return of nearly 50 per cent. on the money expended, which sum will more than cover the Steward and the Bar-Boy's wages.

Value of stock on 8th September	$ 68.32
Purchases to 31st December	753.35
	821.67
Balance 31st December	427.45
	$1,209.12
Total of chits to 31st December	$ 1,244.50
Less bad	24.75
	1,219.37
Stock 31st December	79.87
	$1,299.12

At the date of closing the Treasurer's accounts, there had been collected against the total of $1,219.75 the sum of $1,123.64, leaving a balance of $96.11, which sum has since been collected.

THE INTERPORT RIFLE MATCH.

The Singapore *Free Press* gives a long account of the shooting of the Interport Match from which we take the following extracts:—

The Singapore team up till the end of the firing at 500 yards had what appeared to be quite a fair chance of winning. At 200 yards they had 231 to Hongkong's 233, and at 500 yards 276 to Hongkong's 276, so that the totals then stood, Hongkong 568 and Singapore 567, or only 6 points behind. As Hongkong averaged 259 at 600 yards it will be seen that it was here that the match was really lost.

We cannot find any excuse for this; the weather was on the whole favourable enough and no blame can be put on the light, although a cloudier sky would have been better. There was no wind at 600, the only objection being the hanging smoke in front of the rifles. There is nothing to be said as far as we can see but that the unexpected did happen, and quite half of the team shot, in the aggregate, upwards of 50 points below their average. There were few good individual range scores, but mention may be made of Sydenham's fine 34 out of a possible 35 at 500, Maw's 32 at the same range, Sydenham's and St. Clair's 32 at 200 and Sayers' 31 at 200. No 30 was made at any range.

The scores are subjoined:—

SINGAPORE.	200.	500.	600. Total.
Sgt. Sydenham, 10th Regt.	32	34	34—99
Lieut. W. G. St. Clair, S.V.A.	31	32	32—95
Gunner W. Sayers, S.V.A.	31	29	34—94
Mr G. Pitcock	26	23	33—82
Col.-Sgt. Worsdale, 10th Regt.	27	27	25—79
Capt. R. Dunman, S.V.A.	29	27	23—79
Gunner D. Maw, S.V.A.	29	31	25—79
Capt. B. Barter, 10th Regt.	27	23	22—72
Sgt.-Ma. Dunscliff, 10th Regt.	23	14	26—70
Gunner A. Morrison, S.V.A.	29	26	10—65
	283	276	279 738

The umpires were Lieut. Herington, 10th Regiment, for Hongkong, Lieut. Paul, R.A., for Shanghai, and Capt. Hooper, S.V.A., for Singapore, the latter two officers dividing the work of supervising the markers in the butts. One or two other officers of the 10th were also present during the latter part of the shooting, and among the visitors to the range was H.E. Sir Charles Warren.

It only now remains for Singapore to congratulate Hongkong upon its win, which we rather fancy will be a surprise to Hongkong itself, as 822 is a precarious score to rest hopes of victory on, but as the event has showed neither Shanghai nor Singapore have proved able to closely challenge it.

The dates of this year will probably remain the permanent fixture for the match for future years, as it is on the whole the most suitable time for all three places.

CORRESPONDENCE.

THE GAP ROCK MUDDLE.

To the Editor of the 'CHINA MAIL.'

Hongkong, May 15, 1893.

SIR,—What has become of the splendid telegraphic service between Gap Rock, Cape D'Aguilar and this city of Victoria?

Not a single report of any Vessel has been posted on the Board at the Post Office during the past 14 days!—Your obedient servant,

TOO MUCH FOR THE MONEY.

THE WIDOWS AND ORPHANS FUND.

To the Editor of the 'CHINA MAIL.'

Hongkong, May 15.

SIR,—That the well-known saying silence gives consent may not be brought against many Government servants who by no means consent to the compulsory contribution to the Widows and Orphans Fund is my excuse for asking you to publish a few lines on the subject.

Under 'The Widows and Orphans Pensions Ordinance 1890' a Government Servant, married or unmarried, willing or unwilling, with a salary exceeding $240 a year is called upon to contribute to the extent of 4 per cent on his salary and emoluments for the benefit of his hypothetical or somebody else's actual widow and orphans. To many of us this appears so eminently unjust, not to say absurd, that the principle or lack or principle on which it is based is scarcely worth controverting. But from its being a Government Ordinance it is plain there are some who think differently. With little hope of influencing those who believe that

'What (the Government) does is well
Though it sadden hill and dell,'

but with a feeling that ventilating a grievance may at least do something towards its remedy, I would put forward what appear to me valid arguments against it.

To encourage the improvident at the expense of the provident will surely be considered by none an object worthy of an Ordinance, but this is one effect which will certainly be produced, since the widow and orphans of a man who married before he is competent to support a family and not taking due care of his health, dies an early death, are to be supported by the man who denies himself an early marriage and the many pleasures which in a climate like this can only be had at the expense of his health. It may be said that the widow and orphans are not to blame for the shortcomings of the husband, but against this it must be remembered that neither is the unmarried man nor the man who marries late to blame and that therefore on all ordinary principles of justice he should not be called upon to pay for what is not his fault.

It will be urged by some that there are cases of genuine misfortune the helping of which would not entail the subsidising of improvidence. Against this I would say that taxing the fortunate for the benefit of the unfortunate is no less unjust than taxing the provident for the benefit of the improvident. If it is said that 'something must be done,' then let those who are charitably inclined show it at their own cost and not at the expense of others.

The question whether it is right that a man should bear the results of his actions, good or bad, is at the bottom of the whole matter; those who hold the individualist view, and believe that if certain actions bring pleasing results more of those actions are likely to be done, will never give their consent to a system by which a man will have the results of his work taken away for a purpose which is of no benefit to him, and will not by their silence imply agreement with a scheme which can scarcely be described as anything but legalized robbery.—Yours faithfully,

C. S.

SUPREME COURT.

IN ADMIRALTY JURISDICTION.

(Before His Honour Mr E. J. Ackroyd, Acting Chief Justice.)
Monday, May 15.

PENWICK AND CO. V. STEAMSHIP 'PROPONTIS.'

The plaintiffs sued to recover $1325.10 for repairs done to the steamer *Propontis*.

Mr J. J. Francis, Q.C., (instructed by Mr Ellis, of Messrs Wotton and Deacon's office), appeared on behalf of the plaintiffs.

Mr Francis—This is an action for repairs done to the steamship *Propontis* between 7th February, 1893, and 28th April, 1893, by the plaintiff company George Fenwick & Co., a registered company carrying on business in Hongkong as engineers and shipbuilders. The steamship *Propontis* is a British-owned steamship, and the port of registry is Liverpool. The writ of summons was issued on 22nd April, 1893, and the vessel was at that time under arrest of this Court in other suits. Mr Francis then referred to the power invested in the Court under the Acts of Parliament.

His Lordship—Who is the registered owner?

Mr Francis—Mr W. H. Dixon.

His Lordship—He is not at present in the Colony?

Mr Francis—No; but I do not think it is necessary to go into that question, because Section 4 of the Act of 1861 gives jurisdiction if the ship is under arrest.

Francis de Cruz, clerk in the Harbour Office, proved the register of the steamship *Propontis*, produced from the Harbour Master's Office.

Geo. Fenwick, general manager of the firm of Geo. Fenwick & Co., Limited, stated—Our Company has done work on board the *Propontis*. I produce two bills for work done in the engine-room of the ship; they are certified by the engineer and the Captain. There are two small accounts for deck repairs. One is dated 28th February, 1893, for $74.14. The work detailed in that bill has been completed. The total of the other bill is $321.41; all the work in that bill is not done. The steel plates have not been put in. That would deduct $90 from the bill. The total amount of my claim is $1325.10. Messrs Arnhold, Karberg and Co. are agents for the ship; and the signature on the bills by the Captain is authority that they are correct. The bills have been in their hands for some time, and have not been paid.

Peter Duff Hean, Chief Engineer, s. s. *Propontis*, stated the charges in the bills were fair and reasonable.

His Lordship gave decree for $1325.10, with interest at the rate of 8 per cent. from date of writ, and costs.

AFFAIRS IN KOREA.

According to the *Chosen Shimpo* of Ninsen dated the 22nd instant and received by the last mail, things seem to be tranquil in Corea. The extraordinary excitement at Seoul is said to have resulted principally from exaggerated reports made to the Corean Government by the provincial authorities about the menacing attitude of the members of the *Togaku-to*. The apprehension these reports inspired was increased by anti-foreign placards which the members of the *Togaku-to* posted at night upon the doors of every foreigner in the capital. The Japanese Consul in Seoul secretly advised his nationals to send their families to Ninsen, but we do not learn how far, if at all, this advice was acted on. From the latter part of the month of March, no Corean has come near the Japanese Settlement, and trade is said to have been at a standstill for nearly a month. The Japanese residents, having obtained arms, formed themselves into companies, and were prepared for the worst. Europeans and Americans were also in a state of considerable uneasiness; they applied to the Corean Foreign Office for protection. The *Chosen Shimpo* mentions a rumour that, when the excitement in the Capital was at its height, the Corean statesmen asked the opinion of the Chinese Resident, who assured them that so long as he remained in Seoul, there was nothing to fear. The Chinese merchants in Seoul are said to have shown no sign of perturbation. With reference to the unexpectedly quiet ending of the trouble, our Ninsen contemporary mentions three causes; first, the firm attitude manifested by the Corean Government; secondly, the speedy arrival of foreign war-vessels at Ninsen; and thirdly, dissensions among the members of the *Togaku-to* in the neighbourhood of the capital. A few of the ringleaders have been arrested in Seoul, and a notification is said to have been issued proclaiming that the other members of the party will be pardoned on condition that they renounce their evil doctrines. The ringleaders under arrest are reported to have stated to the Chief of Police their views as to the necessity of expelling foreigners and introducing reforms in the Government. With regard to the future of the *Togaku to*, the *Chosen Shimpo* believes that, since its members are really powerful, it will sooner or later cause serious trouble to the Corean Government.—*Japan Mail.*

H.M.S. *Caroline* arrived at Woosung from Hongkong on the 11th inst.

THE Shanghai morning paper is informed that some steps are being taken to blow up the wreck of the *Feiua*.

A REPORT from Wenchow concerning the opening of this year's tea-season states (says the *N.-C. Daily News*) that tea buyers have returned from the hills disappointed, as very little good tea can be found there; but inferior as the quality is this year, the price is dearer, black tea of the ordinary sort being unpurchasable under forty-five to fifty dollars per picul, while the best kinds have gone up to ninety dollars or thereabouts. To make matters worse the Yuanshan tea districts have only produced one-third the usual crop of former years.

TELEGRAMS BY THE AMERICAN MAIL.

THE GEARY LAW.

Washington, April 24.—It has been learned to-night from the best sources that there will be no occasion for using Goat island as a corral for San Francisco Chinese on the 6th of next month. Although the Geary law goes into effect on May 5th, and although not one-twentieth of the Chinese in San Francisco have complied with the law's provisions and registered their names with the customs officers, there will be no wholesale arrests of the delinquent coolies. The reason is that the United States Attorney-General has decided to test the law in the courts. It is understood that a test case will be made in New York on May 6th. A Chinese will be arrested, whereupon his counsel will get out a writ of habeas corpus. The Federal Court in New York will refer the case to the United States Supreme Court and the Supreme Court will hear argument in the matter on May 6th. Instructions to this effect will be telegraphed to the United States District Attorney's office in San Francisco to-morrow.

Pittsburg, April 24.—About fifty Chinese, members of two Sunday-schools here, to-day registered under the Geary act. Their action was due to the influence of Rev. E. R. Donohoe and other pastors and the Sunday-school teachers of the churches. The teachers were in most instances witness that applicants have been residents of this country for over a year. These Sunday-school pupils are less than one-third of the total number of Chinese in Pittsburg and Alleghany. Others, with one or two exceptions, have shown no intention of registering, being evidently guided by the advice of the Six Companies. These Chinese grinned at their fellows during the process of being sworn in and apparently regarded the procedure as a huge joke.

Philadelphia, April 24.—The largest registration of Chinese ever made in this country is under way to-day. When it is completed about 175 Mongolians will have been listed.

THE PAPER BURNED BY THE DUCHESS OF SUTHERLAND.

London, April 23.—There is no public suspicion yet of a startling story which lies back of a dramatic little episode by which the Dowager Duchess of Sutherland dumbfounded the lawyers last week. The fact is that if the contents of the scrap of paper which the Duchess threw into the burning coals before the eyes of the assembled lawyers were made public they would make the most tremendous sensation in the history of modern English society.

It is quite true, as intimated by the Judge when committing the Duchess to jail, that the destruction of the document was deliberately planned by her. She risked much in resorting to a high-handed expedient to gain her object, but she would willingly have suffered ten times the penalty rather than fail. She has failed, in effect, however, for without her knowledge the Duke's papers, including the one she would have sacrificed almost life itself to keep from mortal eyes, had been previously examined by certain lawyers. The contents are known even to the Duchess' opponents in the contest of the Duke's will.

The paper was, in a word, a statement signed by the Duchess before her marriage to the Duke, setting forth what she knew about the death of her first husband, Lieutenant Blair. It would not be proper at present to make public the details of that statement. Mrs Blair made the acquaintance of the Duke of Sutherland while the first Duchess and her own husband were living. She was for some time a guest in the Duke's household. She was there a part of the time during an interval of less than four months after the death of the Duchess and before her marriage to the Duke in America.

One day the dead body of her husband, Lieutenant Blair, was found in the Duke's grounds. He had been shot dead. The local Coroner and a jury of the Duke's retainers made a brief investigation and returned a verdict of suicide. The Duke of Sutherland was not a man of good morals, but it is not suspected that he was in any way connected in the murder of Lieutenant Blair. It should also be said that the present Dowager Duchess did not fire the shot which made her a widow. The Duke, however, as a precaution against possible revelations, requested Mrs Blair before their marriage to draw up and sign the paper which she so dramatically destroyed last week.

The question is whether the knowledge of the contents of that document will lead to a compromise in the contest over the will. If not the startling facts which are held back will probably come out in court, with consequences which can hardly be guessed. It is probably the knowledge of the fact that the contents of the burned paper is known to her enemies, rather than a dread of the so-called imprisonment, which has so prostrated the Dowager Duchess in the past few days.

THE HOME RULE BILL.

London, April 22.—In the division on the second reading of the Home Rule Bill last night, every party polled almost its full strength. The Parnellites and anti-Parnellites did what never before has been done in Parliamentary history, polled their vote to the last man. It was the first time that the two factions of Nationalists have acted in perfect harmony since the formal disruption of the old party. Of the 45 Liberal Unionists, Mr Joseph Chamberlain's contingent of 43 voted against the Bill. The other two kept clean the opposition record of their party by pairing with Ministerialists before absenting themselves. Lord Salisbury will call a conference of the Opposition leaders early in May to decide upon the details of the campaign against the measure in Committee. The general line of opposition which then will be endorsed is, however, already apparent. It will be a series of amendments proposing to secure increased representation of the Irish minority both in the Imperial and the Dublin Parliament. Mr T. W. Russell, who assists Colonel Saunderson in talking for the men of Ulster, will move moreover that before the Bill becomes operative the Imperial Parliament shall settle the Irish land question. This motion already has the sanction of the Unionist leaders. The fact that these amendments will be offered is regarded as signifying that the Unionists will accept the Bill ultimately as law, and they propose to make the best of it instead of relying upon the House of Lords to reject it. The prospect otherwise of a conflict between the two houses in which the Lords, and together with them the Tories generally would certainly be worsted, has had considerable weight in favour of their line of action.

Dublin, April 22.—The news of the decision in the House of Commons last night on the second reading of the Irish Home Rule Bill was received in Armagh early this morning. The Nationalists at once proceeded to hold a demonstration in honour of the triumph and paraded the streets with cheers for Home Rule. The Unionists made a counter-demonstration and the two parties came into collision. Shots were exchanged between the advocates and antagonists of Home Rule and several persons were injured in the encounter, one of the injured being a constable. It is expected that there will be more rioting.

London, April 23.—Orange riots broke out in Belfast last night and continued until late this morning. They were especially severe in the notorious Shankhill district. At midnight an Orange mob put out the street lights and shortly afterward attacked a tavern kept by a Roman Catholic named Connolly. They smashed in the windows and liquor vault, drove out Connolly and his family and endeavoured to burn the building.

The police were out in force and before the mob could get the fire well started drove them off and extinguished the flames. The rioters then tried to invade the Catholic quarter where the Nationalists were celebrating the second reading of the home rule bill by burning tar barrels. A strong line of policemen held them back. A crowd of Nationalists soon gathered and the two parties stoned each other.

The conflict became so hot eventually that the police were obliged to drive back the two mobs by repeated charges. Whole districts are in such a riotous mood that before 8 o'clock a company of soldiers was brought from Dorsetshire to maintain peace.

REFORMS IN EUROPE.

Paris, April 23.—The Servian and Belgian crises were without danger to the peace of Europe. In Servia everything is going on quietly. The report was spread of an attempt against the King's life, which failed, but no confirmation has been received. If electoral reform had not been voted in Belgium on Tuesday evening the country would have been in a state of revolution. The socialists were organized and waited everywhere for a signal to march.

The reform voted does not entirely satisfy the socialists, being, as it is, but partial reform. They have understood their power since they obliged the Conservatives to give in. In the future every time they desire something they will employ the same tactics. It is therefore probable that before the end of the century some reform will be brought forward that the monarchy cannot accede to, and then a revolution will break out.

A Belgian republic is not far distant as events proceed. It is evident to all European politicians that a crisis this time was avoided, firstly, by the counsel of King Leopold, who is a partisan of universal suffrage in contradiction to his Ministers; and by order of the Pope, who informed the Belgian Catholic deputies that the interest of the Church was to await a crisis.

Pope Leo continues to be the political pivot of Europe, as was demonstrated more by the visit of the Kaiser to Rome with a numerous suite of seventy-five persons—Generals, Colonels and Princes in uniform and decorations. The impression produced upon King Humbert was disagreeable, and he could not be blind to the effect which his ally desired to produce upon his people.

The impression produced in the diplomatic world was not great. It had been known for some weeks that the object of the journey was to draw closer the bonds of the triple alliance and to show the people of Italy and Germany the sympathy between the two Governments. The sympathy has always been strong, which explains the presence in Rome of the Archduke of Austria. But what causes speculation is an interview which is announced to take place between the Pope and the Emperor. According to the pontifical court the Emperor desires to make a last attempt to induce the Pope to favor the triple alliance, and to separate him from Republican France. He will endeavor to show the common interests of the monarchy and Papacy to the Pope, but the latter appears to be unshaken in his policy. The Emperor will endeavor also to obtain the Pope's support for votes on the military bill, but in this he will certainly fail, as the Pope is decidedly opposed to the expenditure of money and men for military ends.

In the diplomatic world, importance is attached to the fact that Emperor William will return to Berlin by way of Switzerland. This is regarded as a fresh attempt to draw Switzerland into the German political orbit. That the Emperor should make such journeys is undoubtedly clever, for they draw attention to him and consequently to Germany. Even if they do not have any influence upon the Chancellor they are likely to influence those who are always impressed by military spectacles, and yet the Franco-Russian entente is more solid than ever. It was rumored that the Panama affair would produce a bad impression upon the Czar, but the Czar is not to be shaken when once he has made a resolution, and notwithstanding the efforts of Germany's partisans in his court nothing has been changed in the policy of Russia, which remains faithful to France.

CLEVELAND GIVES HIS VIEWS ON THE SITUATION.

Washington, April 23.—To a representative of the Associated Press the President said to-day: 'The inclination on the part of the public to accept newspaper reports concerning the intentions of those charged with the management of our national finances seems to justify my emphatic contradiction of the statement that a redemption of any kind of Treasury notes except in gold was at any time determined upon or contemplated by the Secretary of the Treasury, or any other member of the present Administration.' The President and Cabinet are absolutely harmonious in the determination to exercise every power conferred upon them to maintain the public credit, to keep public faith and preserve the parity between gold and silver, and meet all the financial obligations of the Government.

'While the law of 1890, forcing the purchase of a fixed amount of silver every month, provides that the Secretary of the Treasury in his discretion may redeem in either gold or silver Treasury notes given in payment of silver purchases, yet the declaration of the policy of the Government to maintain the parity between the two metals seems so clearly to regulate this discretion as to dictate their redemption in gold. Of course perplexity and difficulties have grown out of this unfortunate financial policy which we found in vogue, and embarrassments caused by ill-advised financial legislation has confronted us at every turn, but with the cheerful confidence among the people and their patriotic disposition to co-operate the threatened dangers will be averted pending legislative return to a better and more solid financial system. The strong credit of the country is still unimpaired, and the good sense of our people, which has never failed in time of need, is at hand to save us from disaster.'

DRYNESS AND FROSTS CAUSING HEAVY LOSSES IN CROPS ABROAD.

London, April 24.—A dispatch from Paris to the *Times* says that the long-needed rains fell near Havre and Bordeaux yesterday. Elsewhere in France the drought continues to wither the crops. Throughout Italy heavy losses have resulted from the unprecedented dryness of the season. Outside of Sicily the damage already done is estimated at £1,000,000. Agricultural districts in Southern Russia are suffering from severe frosts. In Germany the drought is unbroken. In Austria-Hungary it has resulted in disastrous fires in forests and small villages. A dispatch from Cairo says the unusual cold has retarded the cotton crop.

ENGLAND AND NICARAGUA.

London, April 18.—In the Commons to-day Sir Edward Grey, the Parliamentary under-secretary of the Foreign Office, stated, in response to questions, that the treaty between Great Britain and Nicaragua, signed in March, 1889, guaranteed to British subjects 'the most favored nation' treatment in regard to any canal, railway or other mode of transit that might be established in Nicaragua. Ratifications of this treaty were not exchanged, however, and therefore the treaty is not in force. Sir Edward added that nothing had occurred between the two countries to invalidate the Clayton-Bulwer treaty.

Debate on the second reading of the Home-rule bill was resumed. Lord Randolph Churchill analyzed the bill at considerable length, criticising its provisions severely. Morley, Chief Secretary for Ireland, replied, answering the criticisms in a sarcastic vein.

MR GLADSTONE'S DANGER.

London, April 28.—At midnight on Wednesday, a mechanic, named Townsend, fired a revolver at a policeman who stopped him as he was approaching Mr Gladstone's residence. On being searched a note book was found on him wherein were numerous threatening entries against Mr Gladstone in connection with the Home Rule Bill. The prisoner, who was brought before the magistrate, yesterday, was remanded.

SIR JAMES DORMER MAULED BY A TIGER —H. E'S DEATH REPORTED.

Madras, April 26.—His Excellency Sir James Dormer, accompanied by Captain Cavaye and Mr Wapshare, went out from Ootacamund a day or two ago in the direction of Pykara for sport. Sir James Dormer was walking along alone when he met a tiger which His Excellency shot at and wounded. The tiger got away, and in following it up Sir James Dormer suddenly came upon it. The tiger promptly attacked His Excellency, who shot it. His Excellency fell and the tiger sprang upon him, seized His Excellency's right leg, and mauled it badly, inflicting about a dozen wounds, before it was shot by Captain Cavaye, who fortunately was not far off. The wounds are all flesh wounds, but some are large and deep. Sir James Dormer was taken into Ooty yesterday evening and passed a fair night. Full particulars are not yet to hand.

Madras, April 27.—Yesterday evening it was found necessary to amputate the great toe of Sir James Dormer's right foot above the first joint. His Excellency is doing well, fever having decreased; his strength is satisfactory and he passed a fairly good night.

THE Singapore *Free Press* of May 8 says:—It is reported that Sir James Dormer, the Commander in Chief of the Madras Presidency, who was mauled by a tiger while out shooting near Ooty on the 26th ult., has since died from the injuries he received.

The Hon. Sir James Charlemagne Dormer, K.C.B., commander in chief of the Madras army since May, 1891, entered the service in 1853, attaining Lieut. General's rank in 1890. He served in the Crimea as Adjutant of the 13th Light Infantry and siege and fall of Sebastopol. He also served in the Indian Mutiny, and was Aide-de-Camp to Lord Clyde. As-t Adjutant General to the China Expeditionary force, served through the Egyptian War of 1882 and at Tel-el-Kebir. Also served with the Nile Expeditionary Force.

THE CHINESE MAIL
報日字華
(Wah Tze Yat Po.)

THIS paper is now issued every day. The subscription is fixed at *Five Dollars* per annum delivered in Hongkong, or *Eleven Dollars Forty Cents* including postage to Coast ports.

It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community, amongst whom also are to be found the guarantors and securities necessary to place it on a business and legal footing.

The projectors, basing their estimates upon the most reliable information from the various Ports in China and Japan,—from Australia, California, Singapore, Penang, Saigon, and other places frequented by the Chinese,—consider themselves justified in guaranteeing a large and ever-increasing circulation. The advantages offered to advertisers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of them.

The field open to a paper of this description—conducted by native efforts, but progressive and anti-obstructive in tone—is almost limitless. It on the one hand commands Chinese belief and interest, while on the other it deserves every aid that can be given to it by foreigners. Like English journals it contains Editorials, with Local, Shipping, and Commercial News and Advertisements.

Subscription orders for the above may be sent to
